

*Since 1956, R.M. Cotton Company has distributed quality products from outstanding manufacturers*

MANUFACTURERS & PRODUCTS	DESCRIPTION
	Gas Fired Condensing Boilers, water Heaters, Semi-Instantaneous Water Heaters and Steam Generators
	Gas Fired Water Heaters, Storage Tanks, Semi-Instantaneous Water Heaters, Steam Generators, Storage Water Heaters Inclined Water Tube Boilers, Low and High Pressure Steam Boilers
	Pressure Booster Systems, Packaged Constant Speed and Variable Speed Pumping Systems
	Centrifugal Separators, Sand Filters and Chemical Pot Feeders
	Single and Double Wall Appliance Venting Fabricated of AL29-4C Stainless Steel for Category IV Appliances (Condensing, Forced Draft)
	Sump Pumps and Sewage Ejectors
	Storage Tanks, Steel Sump Basins, Replacement Condensate Receivers and Glycol Fill Tanks
	Counter Flow Heat Exchangers for District Heating Applications
	Metalbestos, Positive Pressure Venting Product
	Condensate Return/Boiler Feed Systems, Pumps, Vacuum Condensate/Boiler Feed Systems, and Replacement Receivers
	Variable Frequency Drives
	Centrifugal Pumps, Hydronic Equipment, Shell/Tube and Plate/Frame Heat Exchangers, Tank Coils, Balancing Valves
	Flexible Connectors and Expansion Compensation Devices
	Inertia Base Forms and Spring Isolators
